YOGA DAY aims to provide mental health fitness, physical health fitness of mind, body and soul. It also rejuvenates our body and keeps us calm. The theme of 6th International Yoga Day, 2020 is "Yoga at Home and Yoga with Family". As we all know, Yoga Day is the ancient way to attain physical, mental and spiritual practice. Primarily originating in India, the word Yoga is derived from Sanskrit, meaning to unite. This unity signifies the ultimate union of the body with consciousness and thus attaining definitive peace.

Yoga is a centuries-old practice that originated somewhere around 5,000 years ago in India. This was looked up as a process and technique to interconnect the mind, body and soul together and take a step closer to enlightenment. As this practice gained popularity in the west, this started to be termed an exercise and relaxation method. Yoga is the only process in which you can exercise without any equipment. Not only that but in Yoga, you can drive away your diseases without

any medicine. This was also associated with the calms to alleviate any existing physical injuries and chronic pains. Yoga can also increase the flexibility of your body. If there is flexibility in one's body, then the pain is much less in that body. If a person does Yoga for 20 to 30 minutes daily, then his body does not get tired throughout the day. Yoga is also beneficial for children. It helps in calming the mind and it also helpful in showing the right attitude.
