ACTION TAKEN REPORT

2023 - 2024

The Recommendations based on the feedback collected serve as a roadmap for a College's growth and development. They ensure that the institution remains relevant, competitive, and responsive to the needs of its stakeholders while fostering an environment of excellence and inclusivity. Each year, the Recommendations prepared as part of the Feedback Mechanism are shared with the stakeholders and other bodies to do the needful. These actions have been tailored to meet the needs of students, teachers, and alumnae, and will help the College evolve further.

Based on this, the Feedback Committee collects data and then prepares and presents the Action Taken Report to the IQAC and the Governing Council. The detailed report of the Feedback Mechanism is shared with the affiliating University (Mahatma Gandhi University).

The following actions have been taken based on the Recommendations:

Student Support and Well-Being

- More career opportunities have been increased through linkages and MoUs.
- Interactive sessions and hands-on-trainings are organised for the benefit of students.
- Clubs and cells have been formed to enhance life skills and employability skills.

Faculty Development and Support

- Research deliberations and related opportunities have been increased through the linkages and MoUs signed.
- Library resources and infrastructural facilities have been enhanced by including a more spacious reading area and separate Research Navigation Centre have been made.

Alumnae Engagement

- **The Alumnae Association** has been registered, creating more linkages and opportunities for alumnae interactions.
