REPORT

2017 - 2018

1. Diploma in Computer Application (DCA)

Diploma in Computer Application (DCA) is a six months Certificate Course. This Course helped the students to understand about networking, Tally, typing, the internet, networking, etc. Depending on continuous evaluation score sheets are prepared. 44 students joined the Course in the academic year 2017-18. Certificates were distributed to the students.

2. Certificate Course in Energy Efficient Devices

The Department of Physics offers a 30 hours Certificate Course in Energy efficient devices. This Course equipped the students to fabricate energy-efficient devices and to understand the theory behind that. Depending on external exams and continuous evaluation score sheets are prepared. 37 students joined the Course in the academic year 2017-18. Certificates were distributed to the students.

3. Diploma in International Finance and Accounts (DIIFA)

The Department of Commerce, in 2017, organized the Add-on Course-Diploma in International Finance and Accounts (DIIFA). The objective of the Course was to provide students of the Department of Commerce with a global perspective on practical accounts. The Course was coordinated by Mrs. Sherin T Abraham, who was also the faculty in charge. The Course was conducted in the Commerce classroom. The Course was designed to provide both theoretical and practical knowledge in accounting. The Course was divided into two parts, namely Introduction to International Financial Accounting and Advanced International Financial Accounting. The Introduction to International Financial Accounting provided the students with a comprehensive overview of the principles of international accounting. This included the fundamentals of international accounting, such as the International Financial Reporting Standards (IFRS) and the International Accounting Standards (IAS). The Advanced International Financial Accounting module focused on the more complex aspects of international accounting, such as foreign currency translation, hedging and derivatives, and mergers and acquisitions. The Course also included a series of lectures, workshops and case studies, which enabled the students to gain a deeper understanding of the topics being discussed. At the end of the Course, the students were assessed through a written examination and a comprehensive project. At the end of the Course, the students were better equipped to deal with the complexities of international accounting. They were also able to apply the knowledge they had gained to their own projects or projects undertaken by their employers. The Diploma in International Finance and Accounts (DIIFA) was a great success and has enabled the students to become more knowledgeable and confident in the field of international accounting.

4. Certificate Course in Tailoring

The College offers a 30-hour Certificate Course in Tailoring. Through the Course, the students learned to stitch salwar and blouses. 26 students joined the Course in the academic year 2017-18 as two batches. The first batch started in September 2017 and the second batch started in January 2017. Certificates were distributed to the students.

5. Certificate Course in Yoga

The Department of Physical Education offers a 30-hour Certificate Course in Yoga. Through the Course, the students were able to meditate and keep their bodies healthy. 7 students joined the Course in the academic year 2017-18. The Course started in October 2017. Also, the Certificates were distributed to the students.

REPORT

2018 - 2019

1. Diploma in International Finance and Accounts (DIIFA)

The Department of Commerce, in 2018, organized a diploma in international finance and accounts (DIIFA) for the students of the department. The program was intended to give them a global perspective on practical accounts. The event was coordinated by Dr. Avani T. The venue of the event was the commerce classroom. The objective of the program was to provide the students with an opportunity to gain knowledge in practical accounts. The program provided the students with enhanced theoretical and practical knowledge in accounting. It also enabled them to develop a better understanding of international finance and accounts. The program was successful as it provided the students with an opportunity to gain a better understanding of international finance and accounts. The program was also a great platform for them to apply their knowledge and skills in practical accounts. The students also had the chance to interact with experts in the field and gain insight into their experiences. Overall, the program was a great success and was beneficial for the students. It enabled them to gain knowledge in practical accounts and develop a better understanding of international finance and accounts. The program also enabled them to interact with experts in the field and gain insights into their experiences. 31 students completed DIIFA (Diploma In Indian And International Finance & Accounts) with a duration of 6 months from 8 October 2018 – 15 March 2019 and their exam was conducted on 14 June 2019.

COURSE: DIPLOMA IN INDIAN AND INTERNATIONAL FINANCE & ACCOUNTS.

2. Diploma in Computer Application (DCA)

Diploma in Computer Application (DCA) is a six months Certificate Course. This Course helped the students to understand about networking, Tally, typing, internet, networking etc. Depending on continuous evaluation score sheets are prepared. 23 students joined the Course in the academic year 2020-21 as two batches. Certificates were distributed to the students.

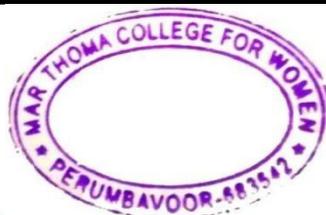

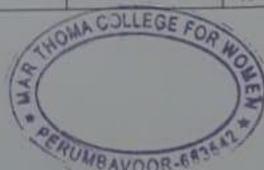

3. Certificate Course in Tally ERP 9.0

The Department of Commerce Computer Application offers a 40-hour Certificate Course in Tally ERP 9.0. This Course equipped the students with well-known accounting software. Depending on external exams and continuous evaluation score sheets are prepared. All students from B. Com. Computer Application joined this Course in the academic year 2020-2021. Certificates were distributed to the students.

4. Certificate Course in Career Skills

The program was initiated in December 2020 by the Department of English for the students of the Department of English. 25 first-year B. A. students participated in the program. Ms. Chaithanya Elsa Achankunju, Assistant Professor & HoD, Department of English, served as the Program Coordinator and Ms. Renu Raj served as a resource person.

The sessions focused on enhancing students' Career skills such as speaking, resume writing, Interview, presentation and group discussion skills. The sessions included activities to enhance their overall communication skills. Debates, mock interviews and group discussions were conducted to improve their presentation skills. Seminars with power point presentations were conducted by the students.

A total of 30 classes were handled during the academic year 2020-21.

5. Certificate Course in PageMaker

This report provides an analysis of the Certificate Course in PageMaker which was conducted in the year 2020-2021 on every Monday and Wednesday from 3.30 pm to 4.30 pm. The Course was coordinated by Mrs. Avani T, Assistant Professor, Department of Commerce, with 29 students participating. The objective of this Course was to enable the students to become proficient in the usage of PageMaker. The Course was designed to teach the students the basics and advanced techniques involved in creating and publishing documents using PageMaker.

The topics covered in the Course included: Introduction to PageMaker, Working with Text, Working with Graphics and Images, Working with Tables, Page Layout and Printing, Animations and Special Effects. The Course was conducted using a combination of lectures, in-class exercises, and hands-on activities. The lectures were conducted to provide an overview of the topics being discussed.

The in-class exercises and activities allowed the students to apply the concepts that were discussed in the lectures. The hands-on activities allowed the students to get practical experience in the usage of PageMaker. At the end of the Course, the students were required to submit an assignment in which they had to create a document using PageMaker. The project was assessed based on the students' ability to use the software effectively and to create a quality document. Overall, the Diploma and Certificate Course in PageMaker was a success. The students were able to gain a good understanding of the software and its capabilities. The Course provided a great learning opportunity for the students and enabled them to gain valuable skills in the usage of PageMaker.

6. Certificate Course in Corel Draw

This report provides an overview of the diploma and Certificate Course in Corel Draw held at the Department of Commerce from January 2021 to March 2021. A total of 29 students participated in the Course, which was held on Mondays and Wednesdays from 3.30 pm to 4.30 pm. The Course was coordinated by Avani T, Assistant Professor of the Department of Commerce. The Course provided an introduction to Corel Draw and its tools, with an emphasis on practical application. Students learned how to use the software to design and create illustrations, logos and other artwork. The Course also focused on developing students' skills in working with vector graphics. Students learned how to manipulate vector paths and edit vector objects, as well as how to use the software's various tools to create and apply special effects. The Course concluded with a final project which required students to create an original work of art using Corel Draw.

The project was assessed based on the student's ability to effectively utilize the tools and techniques learned during the Course and to create original, creative artwork. Overall, the diploma and Certificate Course in Corel Draw provided students with the skills and knowledge necessary to use the software for a variety of purposes. The Course provided a valuable learning experience for all the participants, and the results of the final project showed that the students had acquired a good level of proficiency with the software.

1. Certificate Course in Energy Efficient Devices

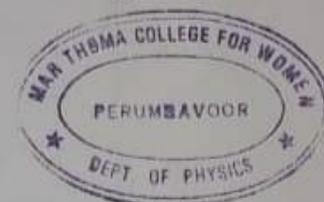

The Department of Physics offers a 40-hour Certificate Course in Energy efficient devices. This Course equipped the students to fabricate energy-efficient devices and to understand the theory behind that. Depending on external exams and continuous evaluation score sheets are prepared. All students from BSc Physics joined the Course in the academic year 2021-22. Certificates were distributed to the students.

2. Certificate Course in Applied Electronics

The Department of Physics offers a 30-hour Certificate Course in Applied Electronics. This Course helped the students with the functions of important electronic components including resistors, capacitors and inductors. Also understand the operation, maintenance and repair of a range of electronic devices and the theory behind that. Depending on external exams and continuous evaluation score sheets are prepared. 15 students from BSc Physics joined this Course in this academic year 2021-22. Certificates were distributed to the students.

6. Certificate Course in Communication Skills

The program was initiated in December 2021 by the Department of English for B. A. English students. 26 second-year B. A. students participated in the program. Ms. Sangeetha Rachel Koruth, Assistant Professor, Department of English served as the Program Coordinator and Dr. Renu Raj served as a Resource Person. The sessions focused on the aim of enhancing students' English language skills like listening, speaking, reading, writing & IT skills. The sessions included activities to enhance their overall communication skills. Individual speaking sessions, sessions to improve pronunciation, debates, listening and writing activities, and online PowerPoint seminars by students were conducted. A total of 30 classes were handled during the academic year 2021-22.

17. Certificate Course in CorelDraw

This report is about the Certificate Course in Corel Draw that was conducted by the Department of Commerce in 2021-2022. This Course was held on Mondays and Wednesdays from 3.00 pm to 4.00 pm and was attended by 28 students. The Course began by introducing the participants to the basics of Corel Draw, such as the interface, menus, tools and commands. They were then taken through a series of exercises to help them gain a better understanding of how to use the program.

The Course also covered topics such as creating logos, working with text and manipulating images. The participants also had the opportunity to take part in interactive activities such as designing a logo for a fictitious company, creating a scene for a magazine cover and producing artwork for a poster. They were also encouraged to work on their own projects and present them to the class for feedback. The Course was coordinated by Avani T, Assistant Professor, Department of Commerce. She provided support and guidance to the participants throughout the Course and ensured that they were able to understand the concepts and apply them to their work.

Overall, the participants found the Course to be informative and engaging. They were able to gain a better understanding of CorelDraw and apply the skills they learned to their own projects. This report concludes that the diploma and Certificate Course in CorelDraw was a successful venture for the Department of Commerce and the participants. The Course provided the participants with the knowledge and skills required to use the program effectively and enable them to develop their own projects.

18. Diploma in International Finance and Account

The Department of Commerce, in 2021, organized a diploma in international finance and accounts (DIIFA) for the students of the department. The program was intended to give them a global perspective on practical accounts. The event was coordinated by Dr. Avani T. The venue of the event was the commerce classroom. The objective of the program was to provide the students with an opportunity to gain knowledge in practical accounts. The program provided the students with enhanced theoretical and practical knowledge in accounting. It also enabled them to develop a better understanding of international finance and accounts. The program was successful as it provided the students with an opportunity to gain a better understanding of international finance and accounts. The program was also a great platform for them to apply their knowledge and skills in practical accounts. The students also had the chance to interact with experts in the field and gain insight into their experiences. Overall, the program was a great success and was beneficial for the students. It enabled them to gain knowledge in practical accounts and develop a better understanding of international finance and accounts. The program also enabled them to interact with experts in the field and gain insights into their experiences.

27 students have completed DIIFA (Diploma in International Finance and Accounts) with a duration of 6 months from 8th October 2021 – 15th March 2022 and their EXAM conducted on 15th JUNE 2022.

21. MOOC Organic Farming

The undergraduate second-year students completed the online Course on Organic Farming offered by Mahatma Gandhi University, Kottayam. The Course aims to encourage youngsters to understand and conceive an organic way of life with a strong message “Back to Nature”. It also strives to achieve a global perception of sustainable agriculture and will be in consonance with the objectives of the state government’s noble mission “Haritha Keralam”. The Course encouraged students to set up vegetable gardens at home and also helped them to stay connected to the earth and our surroundings. Projects were also done as part of the Course.

Following the assessment conducted, university issued the Course completion Certificate to the students.
