---------	--

During the academic year 2019-2020, Department of Mathematics, Mar Thoma College for Women, Perumbavoor had organised CSIR-UGC-NET/JRF coaching for PG students of our department to make the students flourish at inferential analysis. The coaching was conducted from 3.30 pm to 5.00 pm on Wednesdays and from 9.30 to 3.30 pm on Saturdays. Ms. Emilda Sebastian, Ms. Reshma M.R. and Keerthy Kishore A, faculties of the department handled the classes. They had effectively conducted the classes and they prepared the students to attempt the exams. 8 students from our PG program attended the coaching. This coaching had achieved its objective and thus the participating students effectively continued their journey towards success. This coaching had followed the syllabus of CSIR-UGC-NET/JRF in Mathematical Sciences. Five topics were covered during the classes. They were Linear Algebra, Real Analysis, Abstract Algebra, Complex Analysis and Differential Equations. Basic theory portions were discussed from these topics and more concentration was on solving the previous year questions. The coaching conducted by the department in the past few years clearly demonstrates the value and impact of free coaching for NET examinations. This helps the students to practise their understanding and application of various concepts. After the class students were of the opinion that the classes were effective and had boosted their confidence level.
